10 Tips for a Sustainable Short Term Stay

by Pro Familia Homes

www.stayprofamilia.com

1. Turn off the lights/TV when not in a room

2. Use less energy during peak hours of 2P - 7P

3. Set thermostat to a cooler/warmer temp while you're away

4. Turn off the heater/AC if you plan to open the windows

5. Use less single use plastics

6. Put clean, loose recyclables in the recycling bin

7. Only use the water you need & turn off the faucet

8. Run the dishwasher when you have a full load

9. Do the laundry when you have a full load & on cold wash

10. Consider donating \$10 to buy 10 trees through Ecologi
